

## General Support

The best way to help the school through general support is to give to the Annual Fund. The School of Dentistry's Annual Fund provides unrestricted support to all areas of the School. The Annual Fund assists the School where state support is decreasing, helping in areas where the need is the greatest. Your commitment to this fund will strengthen the School through the flexibility of your gift.

## Scholarships

With the ever-increasing cost of dental school, scholarships are needed to offset tuition costs. Scholarships can be need-based or merit-based. They can reward a student considering a certain specialty, or someone from a specific geographic region. The minimum endowment level for a new named Scholarship is \$10,000, which provides a student with a \$500 annual award, based on a five percent payout. Donors who wish to give less than this amount may choose to contribute to a scholarship fund already established or to the School of Dentistry Annual Fund.

## Departmental Funds

Each and every School of Dentistry Department and Division has a need for philanthropic support. Donations allow Chairmen and Directors the flexibility to provide for their department where state funds fall short, especially during times of budget cutbacks. The effect of your gift is limitless, your funding may provide funding for: research, training, educational courses, outreach, new equipment, renovations, etc.

Even though you may not see your desired fund listed below you may still contribute to one of the following choices: Division of Dental Hygiene, Department of General Practice, Department of Oral Pathology, Department of Orthodontics, and the Department of Periodontics. Please make a notation when making your gift allocation.

## Class Funds

Numerous proud alumni have taken it upon themselves to start a fund in honor of their graduation year from Dental School. Their purposes range from assisting the school with unrestricted support, scholarships, and research. Class funds are a unique way to pool resources from you and your fellow classmates to make a greater impact. In honor of their 50<sup>th</sup> reunion the Class of 1951 donated a \$50,000 scholarship fund to the school and offered a challenge to other dentistry graduates to match their accomplishment. The Class of 1977 accepted and completed the challenge in time for their recent 25<sup>th</sup> reunion.

### Established Class Funds

Dentistry Class of 1948 Dental Fund  
 Dentistry Class of 1951 Endowment Fund  
 Dentistry Class of 1954 Memorial Fund for Lewis R. Belote

## Professorships

The University and the School seek to attract, reward, and retain distinguished faculty, leaders, and scholars of national and international reputation. An Endowed Chair or a named Professorship are the highest forms of recognition provided by the University, and are essential in our ability to recruit and retain highly qualified faculty. Professorships are needed in all academic units of the School of Dentistry. This endowment opportunity qualifies for state matching funds from the Eminent Scholar Fund. Gifts of any size are welcomed to strengthen professorships already established.

## Capital Needs

The Dental School was built in 1952 (Wood Building) and 1970 (Lyons Building). With our infrastructure averaging over 40 years old, we are in need of constant renovation. Once we complete renovation of a clinic, lecture hall, or replace outdated equipment, we have other areas that need improvement. We have many modernization projects currently underway and others that we can begin only with your support.
