PHTX 441 Pharmacology and Pain Control	5.0	Dr. Joseph Ritter	442 Lyons
	<u>19.0</u>		

NOTE:

Some rotations may conflict with regularly scheduled classes. When this happens, the student is expected to report for the assigned rotation. The faculty is aware of occasional conflicts and will try to make appropriate accommodations in testing schedules. Contact the individual course director to make arrangements if you are assigned a rotation that conflicts with a scheduled examination; in most cases you will be permitted to take the examination ahead of schedule.
